TAX MUST BE PAID. ARE BETTER SATISFIED

An Important Ruling Affecting the
Peddling of Vehicles.

AN ANTI-TRUST CASE

Judge Scott Orders an Acquittal in the
Cases of the Four Agents.
Henry Clay Pierce Is Now
on Trial at Waco.

Austin, Tex., May 30.—The court of criminal appeals has handed down a decision that will be read with great interest by vehicle, hardware and implement dealers over the state, and with dismay by the agents of outside firms of certain vehicle manufacturers. For a long time agents of vehicle firms out of Texas have traveled over the state selling buggies, ambulances, wagons, etc. The agents traveled with a train of buggies and would make sales to farmers from out of their string, and thus injure the trade of the local vehicle dealer who had paid his taxes, something the other fellow failed to do.

These agents refused to pay the state occupation tax on vehicle peddlers, claiming that such practice was interstate commerce and therefore not under state jurisdiction. The state tax on such peddlers is \$250 for each county in which they operate, and the county tax is one-half the state tax, making a total of \$375 that would be required in each county.

The decision of the court holds that the tax must be paid.

ANTI-TRUST CASES.

Four Agents on Trial at Waco Acquitted
According to Instructions.

Waco, Tex., May 30.—Under instructions of the court in the anti-trust case against F. A. Austin, Arthur M. Finley, William Grice and W. E. Hawkins, the jury yesterday brought in a verdict of not guilty and the defendants were discharged from custody.

After receiving and entering the verdict of acquittal as to the four agents named above the case of the State of Texas vs. Henry Clay Pierce was called and both sides announced ready. It was set for trial today. Mr. Pierce, the state holds, being an officer and incorporator, not an agent, does not escape under the ruling in the Hathaway case.

Fire at Bremond.

Bremond, Tex., May 30.—The most destructive fire that ever occurred in Bremond was discovered Wednesday morning about 4 o'clock in a millinery store. The fire was nobly fought, but to no avail, and for two hours burned out the entire block of 12 business houses, all but three being wooden buildings. The origin of the fire is a mystery.

An estimate places the entire loss at about \$25,000, with insurance from \$8000 to \$9000. About one-fourth of the business of the town is in the street, and there is not a vacant house in town. Temporary buildings will be erected until most of them are housed.

Paying the Penalty.

Austin, May 30.—Of the 600 domestic and foreign corporations doing business in Texas whose charters were forfeited by the secretary of state because of their failure to pay the annual franchise tax due the State on May 1, 225 have paid the required tax and been reinstated in their rights to continue business. It is reported that most of the delinquents will have paid up by June 15.

Boy Fell From a Train.

Huntsville, Tex., May 30.—Tod Smede, aged 17, accidentally fell from the midnight train at Phelps, sustained a severe fracture of the skull. He is resting well, but the chances are against his recovery. He never lost consciousness and walked from where he fell off the train to town, a distance of about two miles.

Fruit in the Black Land.

Waxahachie, Tex., May 30.—S. A. Haines of Garrett states that he had proved that the black land in Ellis county would grow fruit as well as cotton and grain. Mr. Haines has 33 acres in blackberries and dewberries, which are beginning to ripen, besides a large orchard of peaches, plums and pears, from which he derives a handsome profit.

Charge Was Too Heavy.

Bonham, Tex., May 30.—Henry Peck was seriously hurt while hunting on Bois d'Arc creek near here. He had his father's old army musket and had it loaded too heavy. When the weapon was discharged the barrel was torn from the stock and struck young Peck across the forehead, badly fracturing the skull. He is not thought to be fatally hurt.

Sues for Damages.

Waxahachie, Tex., May 30.—W. K. Leeroix, who was struck by a passenger train on the Fort Worth and New Orleans railroad last Sunday, has sued the company for damages in the sum of \$5000. He charges that the bell was not ringing nor the whistle blowing while the train was going through the city.

A Plea for Harmony Coming from
Some Disgruntled Cubans.

WILL OF MAJORITY

Some of the Delegates Who Voted
Against Accepting Platt Amend-
ment Are Working to Allay
Any Opposition.

Havana, May 30.—Acquiescence in the will of the majority is dominant but the convention's acceptance of the Platt amendment has been quickly followed by pleas for harmony. The minority of the rabid radicals were bitter against the supporters of the amendment, but their bitterness finds little popular support, especially since it has been shown that a majority of those who voted in the affirmative were of a class of revolutionists who did some fighting.

As an offset to the violent messages of General Manduley, one of the Santiago delegates who voted against the amendment, telegraphed to his constituents that the country should respect the action of the convention and should strive for peace and good order. He condemned the agitation and announced that he would co-operate with the majority in making an effective acceptance of the American conditions. Others of the minority made similar statements. Mendez Capote, the presiding officer, conferred with General Wood on the future work of the convention and was told the American authorities would like to have the making of the electoral law expedited as rapidly as possible, since it is the policy of the administration to encourage an early formation of the Cuban government.

Graves Decorated at Chickamauga.

Chattanooga, May 30.—The graves of 13,500 dead federal soldiers and 400 Spanish-American war soldiers, buried in the National cemetery here, were decorated today with fitting ceremonies. The marked feature of the program arranged by the Grand Army of the Republic committee made the Spanish war men most prominent with a view to filling with them the fast dying ranks of the veterans. Two posts of Grand Army of the Republic local camp, Sons of American War Veterans, the local National Guard and many citizens participated in the ceremonies.

All Joined in the Parade.

Denver, May 30.—The Grand Army of the Republic, the United Confederate Veterans, soldiers of the Spanish war, Governor Orman and staff, State National guard and quite a number of other military and civic organizations participated in the parade here today in the observance of Memorial Day. Appropriate exercises were held in the cemeteries and flowers strewn upon the graves of the dead.

At Washington.

Washington, May 30.—Decoration day was observed here with appropriate ceremonies and graves of the dead were decorated.

A Vigorous Old Negro.

Murphysboro, Ill., May 30.—John Jackson, a negro, the oldest man in Jackson county, and perhaps in this end of the state, was placed in jail here charged with assault. Jackson is probably 112 or 115 years old. He served in the war of 1812 and helped to build the breastworks at New Orleans just before General Jackson's battle in 1815.

Revenue on Philippine Articles.

Washington, May 30.—The treasury department has made public the revenue on articles shipped into the United States from the Philippines from March 1, 1899, to April 31, 1901, as \$1,004,317. Of this amount \$866,952 came from sugar; \$119,539 from cigars and cigarettes and the balance from miscellaneous articles.

Colonel Harrison Gives Up.

Indianapolis, May 30.—It is probable that Colonel Russell B. Harrison has given up hope of being reinstated in the army. He has applied for the position of secretary of the Indianapolis Commercial Club, made vacant a day or so ago by the resignation of the former secretary. The office pays \$2500 a year.

Because He Snored.

Indianapolis, May 30.—Ed Moberdy is suffering the dislocation of his arm. While sleeping soundly he snored and his wife, resenting the disturbance, attempted to turn her husband over on his back. She failed, but succeeded in dislocating his arm.

Washington Reached Again.

Washington, May 30.—The train bearing President and Mrs. McKinley and the party accompanying them on their tour through the south and west ended their journey here at 7:30 o'clock this morning, exactly on schedule time.

Mrs. Gibson Accepts.

Lineman Electrocutted.

Dallas, May 30.—A lineman named Munson was electrocuted here this morning. One hand was almost burned off and his stomach badly burned.

Didn't Stand the Test.

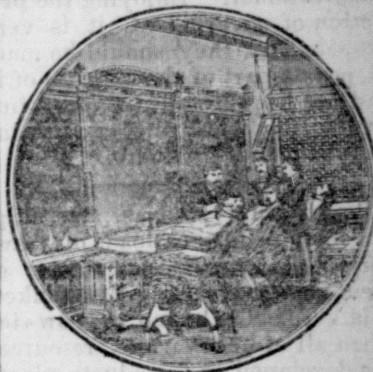

Washington, May 30.—The first Krupp armor plate for the American navy tested has proved a failure.

Drowned While Bathing.

Galveston, May 30.—Jacob Serini, 18 years old, was drowned in the bay, while in bathing with a number of companions. The body was recovered.

Boers Surrender.

Cape Town, May 30.—Two hundred Boers surrendered at Palapye, Bechuanaland, and 42 wagon loads of men, women and children surrendered at Fort Tuli, Rhodesia.

The court of Criminal Appeals
holds that the tax on pedlars is
constitutional. Enjoying the pro-
tection of government, it is very
proper that they should be made
to pay a part of the expense of it,
and not be allowed to come into
competition with the tax paying
merchant free of tribute.

Smith county, Texas, has ship-
ped forty or fifty carloads of straw-
berries the past season, some of
them going as far as Milwaukee,
Wis. Texas is bound to grow rich
when all of her various resources
are developed and products placed
upon the market, and the financial
current which has been so long
towards the north and east begins
to set steadily this way.

The Westminster Gazette of
London, England, commenting on
the momentousness of the late
supreme court decision by which
congress may devise for dependen-
cies a form of government outside
the American constitutions, says:
"Colonies mean navy, navy means
naval stations, and naval bases
are insecure unless backed up by
the possession of hinterland. This
is the logic of imperialism, and it
may lead the Americans as far as
it has led us. Moreover, by
stepping outside their continent
Americans undoubtedly weaken the
force of the Monroe doctrine." The
purpose of the present admin-
istration are as plain to the outside
world as they are to the thoughtful
men of this country. Here we
have a British expression given
with perfect candor. Surely the
people of the United States will
need no greater warning.

CANNOT COMPETE.

Skilled American Workman Is Equal to
About Four Chinese.

New York, May 30.—Evelyn A. Por-
ter, an electrical engineer, is here
direct from China. He says that the
mills there are working in pretty good
shape, but not able to compete with
American competition. China expected
large profits, but a determination to
earn more than they do is evident.

An American operative can do better
work and four times more in a given
time. Consequently American products
are cutting into Chinese materials.

What is known as the pilot case,
which was argued by Ex-Senator Lind-
say of Kentucky, was a friendly litiga-
tion brought to the test the legality of
these extensions of the shipping laws.
The supreme court sustained the presi-
dent's act and it is now thought that
there will be a demand to extend regu-
lations to the Philippines, in pursuance
of the court's mandate.

Shipping men say this would be a se-
rious blow to American shipping. It is
contended that the country is not yet
ready to include the distant Philippines
in its coastwise trade and to confer on
that far removed archipelago the bene-
fits of the American navigation laws.
Still, as the question is not very well
understood it is likely that little will be
heard until congress takes hold of it and
enacts the necessary legislation. While
it is virtually settled that no substantial
change in the government's Philippine
programme is contemplated, yet there is
a likelihood that this will form the chief
topic of consideration at the meeting of
the cabinet.

Attorney General Knox is known to
be carefully studying the various ex-
pressions used by the justices in the DeLima
and the Downes decisions the view of
preparing an opinion for submission to
the cabinet as to the powers which the
supreme court has declared belong to
the president by constitutional law and
power vested in the executive by the
Spoonster resolution. It is regarded as a
reasonable assumption that definite and
authoritative announcement of the gov-

ernment's Philippine policy to be pur-
sued until congress passes special legis-
lation for the archipelago would be
made soon, probably by the time of the
cabinet meeting next week.

FINANCIERS MAKE PEACE.

Hill-Morgan and Harriman Syndicates
Settle as to Northern Pacific.

New York, May 30.—Peace has been
patched up between the Hill-Morgan
combination and the Harriman-Kuhn-
Loeb syndicate in the struggle for the
control of the Northern Pacific road.
The friendliest feeling now exists and
an agreement has practically been reach-
ed which will prevent any renewal of
the strife. The amicable understand-
ing was brought about through the
friendly offices of George Gould and
William K. Vanderbilt.

Each side has ceased talking about
its respective holdings in Northern
Pacific stock. It is said that the Union
Pacific railroad owns over \$59,000 in
securities of the Northern Pacific.

James J. Hill, president of the Great
Northern, is in the city. He has been
in conference with representatives of
the Northern Pacific and Union Pacific
ever since his arrival. He refuses to
say anything for publication either in
regard to the Northern Pacific affairs or
the conflict with the Union Pacific in-
terests.

BURNED AT THE STAKE

Negro Pays a Dreadful Penalty for His Heinous Crime.

SWIFT PUNISHMENT.

Fred Rochelle Chained to a Stake, His Body Saturated With Oil and a Match Applied to the Inflammable Material.

Barlow, Fla., May 30.—Fred Rochelle, a black negro, 35 years old, who at noon Tuesday criminally assaulted and then murdered Mrs. Rena Taggart, a well known and respectable white woman of this city, was burned at the stake here early last night in the presence of a throng of people. The burning was on the scene of the negro's crime within 100 yards of the principal thoroughfare of this city. The assault and murder was one of the boldest crimes ever committed in Florida.

At 10 o'clock Tuesday morning Mrs. Taggart, who was born and reared in this place and who was a woman of good family and reputation, went fishing alone in a small row boat that she kept at the city bridge over Piacro creek. This is in full view of the public thoroughfare.

A few minutes before noon Mrs. Taggart desiring to return home, rowed her boat to the bridge and made it fast. A negro man was fishing from the bridge at the time. Mrs. Taggart started home and had proceeded only a few steps in the swamp toward the open prairie and thence to the street when she was approached by Rochelle, who had been hiding in the swamp. He seized her and she broke loose and screaming, ran from the swamp to the open prairie where he overtook her, overpowered her and committed the assault.

After the assault, while she was prostrated he held her with his hands and knees and taking his knife from his pocket cut her throat from ear to ear, causing instant death. He then walked to the negro who had been fishing on the bridge and who was thoroughly frightened and asked him what he should do with the body. He was told to leave it where it was, but unheeding of this he took the body in his arms and carried it back to the swamp, threw it down and escaped into the interior of the swamp.

A few minutes later the crime had been reported and in less than an hour practically the entire city was in arms and well armed posses were moving in every direction in search of the criminal. Bloodhounds were secured and all night a fruitless search was continued.

About noon Wednesday a courier arrived announcing that the negro had been captured three miles south of the city. The capture was effected by a posse quickly into the city and turning him over to the sheriff of Polk county. In less than 10 minutes after the transfer had been made there was a tremendous crowd at the jail. The sheriff and his deputies were powerless to protect the negro against the determined crowd of citizens.

The negro was taken to the scene of his crime. The stake was the only suggestion as to the proper expiation of the crime and without organized effort and yet with apparently unanimous understanding a barrel was in readiness and was placed by the stake on the very spot where Mrs. Taggart had been assaulted and murdered. On this the negro was placed and chained to the stake.

There were no jeers, no swearing, no disorder. Before the chains around his body had been made fast, cans of kerosene were passed to the center and one of the leaders stepped to the body and slowly, but deliberately, poured it upon him until his clothing and the barrel were saturated. Then a match was applied.

As though by explosion the blaze quickly leaped skyward in volumes. The burning body could be seen only as a dark object in a circle of maddened, roaring flames. Then the fire lessened in speed and the writhing body came back in full view, but already the groans had ceased and the only evidence of life was in the contortions of the muscles of the limbs. For 15 minutes the body burned and in a half hour from the time of the application of the match, only the charred remains were left. The crowd dispersed as orderly as it had gathered.

Gibbons Prolongs His Trip.

Rome, May 30.—Cardinal Gibbons has determined to prolong his trip in Rome and will remain here during the greater part of June. The cardinal says the appointment of a rector of the American College here to succeed Monsignor O'Connell, who was made bishop of Portland, Me., has not yet reached a state where any statement can be made. It is understood the cardinal during his audience with the pope explained at length his views of the government at Washington regarding religious matters in the Philippines.

Killed by a Negro.

Texarkana, Tex., May 30.—A dispatch received here from Minden, La., states that Deputy Sheriff Goodwill of Webster Parish was killed by a negro desperado whom the officer was trying to arrest for the murder of another negro. Minden is about 60 miles southeast of here.

A CHURCH TRUST.

This Is the Latest Combination and It Originated at Toledo.

Toledo, O., May 30.—The "church trust" of Toledo is now a fact, the formal organization having been completed at a meeting held Wednesday night. Under the name of the Federation of Church and Christian Works in Toledo and vicinity, a close union has been formed the object of which is to extend religious work into every home in the city. A constitution setting forth the objects of the organization was adopted and the work outlined in a general manner.

The intention is to invite every resident of Toledo and vicinity to join one of the churches in the combine. Special efforts will be made to attract those who profess no religion, and to secure them as members of some of those affiliated with the federation.

Entertainments, more elaborate and ambitious, than any possible for one church will be given and the strangers in the city and non-church-goers will be invited and given a chance to become acquainted.

United work for municipal reform also is one of the objects of the federation. The churches represented at the meeting and accordingly charter members of the federation movement are:

Plymouth Congregational, First United Presbyterian, First Baptist, First Presbyterian, Epworth Methodist Episcopal, Broadway Methodist Episcopal, Monroe Street Methodist Episcopal, Central Congregational, St. Paul's Episcopal, Evangelical Association, Salem Third Presbyterian, Detroit Avenue Evangelical and St. Paul's. The Fifth Presbyterian and Young Men's Christian Association were represented by proxy.

Heir to the Wood Estate.

New York, May 30.—One of the heirs of the James Wood estate, valued at \$80,000,000, in England, is Mrs. M. E. Patterson of Newark, N. J. She is looking up papers which she thinks will supply the missing link and provide for a distribution of the money. There are about 200 heirs, each to receive according to the lawyers in the case, about \$400,000. Wood died in England in 1836, leaving vast estates. There was a will, but there were so many heirs, and many under age, that in a settlement of the estate there was great delay. The English probate registry court took charge and the money has been accumulating interest for 55 years.

Southern Railway Machinists Out.

Washington, May 30.—At the headquarters of the operating department of the Southern railway here it is learned that machinists are out at many places, especially on the southern divisions. At Birmingham 45 are out, all at Knoxville except 6, 79 at Columbia, 100 at Spencer, S. C., 34 at Selma and various other places.

Boers Massing.

Queenstown, Cape Colony, May 30.—Boers are massing under Commander Kritzinger to the northward of Bailey. There is much local apprehension and the town guard remain all night in the trenches. Passenger traffic to the north is suspended and freight proceeding under an armed guard. Banks have been closed.

Study our Newspaper Methods.

New York, May 30.—C. Arthur Pearson, the millionaire newspaper and magazine proprietor of London, is coming to the United States to study American newspaper methods. Mr. Pearson owns about 30 publications, dailies, weeklies and monthlies.

Son of Bismarck Dead.

Varisene, Prussia, May 30.—Count William Bismarck, second son of the late Prince Bismarck, died here after a brief illness. He was born in 1852.
